a.

**AL6060DCT  
DOUBLE-FACED COMPUTER TABLE**

Spacious work surfaces provide ample room for a variety of computer designs. Heavy equipment is easily supported by the structural integrity of these units. Deeper work surfaces work well with large monitors or with compact portable computers. Wire management is standard with these tables.

**AL3036SSCS  
SINGLE-FACED STUDY CARREL  
STARTER UNIT IN OAK**

**AL3036SRCA  
SINGLE-FACED REFERENCE  
CARREL ADDER UNIT IN OAK**

Modular and reconfigurable carrel stations are available in single or double-faced units. Reference carrel work surfaces are adjustable for standing or sitting heights. Reference carrels also feature a cord drop edge towards the back and wire management under the work surfaces.
